WORK EXPERIENCE

Full Stack Engineer — Freelance / Self-Employed Jun 2024 – Present

South Delhi, India · On-site

- Designed and deployed 24+ production-ready MERN stack applications on Netlify: e-commerce platforms, AI-powered web tools, food platforms, and business branding sites.
- Integrated REST APIs, JWT authentication, LLM APIs, OpenCV, and Python scripts into live client-facing production applications.
- Delivered complete end-to-end web solutions for clients across India and internationally — managing requirements gathering, UI/UX, development, and deployment independently.
- Stack: React.js, Node.js, Express.js, MongoDB, JavaScript (ES6+), Python, Bootstrap

CEO & Founder — SiteWeb Studio Jan 2022 – Present

South Delhi, India · Hybrid

- Founded professional web development studio offering responsive websites, landing pages, and portfolio sites using HTML, CSS, JavaScript, and React.js.
- Generated ₹ 30,000+ in client revenue while strategically offering accessible-pricing projects to build MERN expertise and expand portfolio breadth.
- Managed full project lifecycle: client discovery, UI/UX wireframing, development, Netlify deployment, and post-launch client support.

Operations Manager & Social Media Manager — Grow With AD Jan 2024 – Dec 2025

New Delhi, India · Hybrid

- Managed daily operations and content strategy at a digital marketing firm, contributing to ₹ 50K+/month revenue generation.
- Developed and executed promotional campaigns; collaborated with startups to improve online visibility through tailored growth strategies.
- Gained hands-on experience in project management, client coordination, ad creative development, and digital marketing analytics.

Co-Founder — AQUA X Packaged Drinking Water Apr 2024 – Jun 2026

Delhi, India · Remote

- Co-founded MSME-registered startup providing premium packaged water solutions to hotels, cafés, and corporate events; achieved ₹ 1,00,000+ monthly turnover.
- Managed branding, label customization, B2B client acquisition, supplier coordination, and end-to-end operational execution.
